

Extreme - Queen Medley

Tom: Db

QUEEN MEDLEY....
FROM THE FREDDIE MERCURY TRIBUTE ALBUM

notes: Im a huge queen fan an a bassist at that...noticed that no one

Tribute concert...odd! This isnt note for note of what Nuno and co do, it's the tabs from Queen songs all pasted together...its

also not the exact version...my band does champions instead of

radio ga ga at the end...you'd have to swap to a fretless bass to

that good John Deacon sliding sound.

For the most precise Queen sound i suggest the guitarist uses a

sixpence for a pick!

The Bass version will be available soon as soon as i tab it out!

thanks and enjoy!
