

# Extreme - Unconditionally

Tom: E

Well I tried and this is what I came up with. Drop the E down to D.  
Maximize the screen because if you're looking at it in a small window it won't look right. I hope you're using Netscape. I don't know what it's going to look like with some other browser. Hope it turns out fine.  
Tell me if it's sounds OK to you?  
Intro:

Sounds like Nuno stays with the same thing throughout the Verse. There are a little variances though.  
I'm going to work on the rest of the song, and as I go I'll try to send it out to you. With the Christmas holidays upon us I should have some extra time on my hands because I'm out of college for the holidays.  
Tell me what you think?

Adios,
