Tom: C  
Intro: C G C G C G G F G F G F

G7  
O teu amor morena Penha  
Que era fogueira de lenha  
Virou, fo...go de pal..ha  
Tomara morena Penha  
Que quando a noite me venha  
O teu sorriso me valha  
Queria morena eu queria  
Purgar tua febre fria  
Com a febre do meu abraço

A7  
Paixão, fogo de palha  
Se acaba da noite pro dia  
E a dor que acende na gente  
Apaga toda a alegria  
tabrefrão  
Amor quando perde o viço  
Nenhum carinho consola  
Serenos na boca da noite  
Orvalha mas não molha  
( C G C G C G G F G F G F )  
(refrão)
