

# Falcão - My Little Coffe Of Love (Meu Cofrinho de Amor)

Tom: G

You are my sky, you are my life, my weight, you're my measure  
 my little coffe of love  
 While I am waitting for you  
 my soul is only burning  
 in this fire very fire  
 The times I remember with jealousy  
 your little face, your hard smell  
 your little way of kissing me  
 I am almost dying from will  
 of embrace your little body

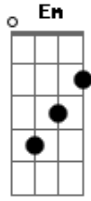

and to kill my lonelinesssss

Come back my well, my love, my life  
 I'm waiting for you  
 come back fast because my heart  
 is almost stopping  
 I hope to give you many kisses embraces  
 to feel your heat  
 I want to see you hug you counter you  
 dying fast of love.
