

Fall Out Boy - 27

Tom: D

If home is where the heart is
 Then we're all just fked
 I can't remember
 I can't remember

And I want it so bad
 I'd shoot the sunshine into my veins
 I can't remember the good old days

And it's kind of funny
 The way we're wearing anchors on our shirts
 When being anchored aboard just feels like a curse

My mind is a safe
 And if I keep it then we all get rich

My body is an orphanage
 'We take everyone in'
 Doing lines of dust and sweat
 Off last night's stage
 Just to feel like you

The milligrams in my head
 Burning tobacco in the wind
 Chasing the direction
 Chasing the direction you went

You're a bottled star

The planets align

Just like Mars
 You shine in the sky
 You shine in the sky

Are all the good times getting gone?
 They come and go and go and come and go
 I've got a lot of friends who are stars
 But some are just black holes

My mind is a safe
 And if I keep it then we all get rich

My body is an orphanage
 'We take everyone in'
 Doing lines of dust and sweat
 Off last night's stage
 Just to feel like you

And it's kind of funny
 The way we're wearing anchors on our shirts
 When being anchored aboard just feels like a curse

My mind is a safe
 And if I keep it then we all get rich

My body is an orphanage
 'We take everyone in'
 Doing lines of dust and sweat
 Off last night's stage
 Just to feel like you
