

# Fall Out Boy - 27

Tom: D

If home is where the heart is  
 Then we're all just fked  
 I can't remember  
 I can't remember

And I want it so bad  
 I'd shoot the sunshine into my veins  
 I can't remember the good old days

And it's kind of funny  
 The way we're wearing anchors on our shirts  
 When being anchored aboard just feels like a curse

My mind is a safe  
 And if I keep it then we all get rich

My body is an orphanage  
 'We take everyone in'  
 Doing lines of dust and sweat  
 Off last night's stage  
 Just to feel like you

The milligrams in my head  
 Burning tobacco in the wind  
 Chasing the direction  
 Chasing the direction you went

You're a bottled star

The planets align

Just like Mars  
 You shine in the sky  
 You shine in the sky

Are all the good times getting gone?  
 They come and go and go and come and go  
 I've got a lot of friends who are stars  
 But some are just black holes

My mind is a safe  
 And if I keep it then we all get rich

My body is an orphanage  
 'We take everyone in'  
 Doing lines of dust and sweat  
 Off last night's stage  
 Just to feel like you

And it's kind of funny  
 The way we're wearing anchors on our shirts  
 When being anchored aboard just feels like a curse

My mind is a safe  
 And if I keep it then we all get rich

My body is an orphanage  
 'We take everyone in'  
 Doing lines of dust and sweat  
 Off last night's stage  
 Just to feel like you
