

# Fall Out Boy - Death Valley

Tom: C

Parte 1:

I wanna see your animal side let it all out  
 I wanna see the dirt under your skin  
 I need your broken promises, yeah  
 I want the guts and glory, baby, baby  
 This town is wasted and alone

Refrão:

But we are alive here in death valley  
 But don't take love off the table yet  
 'Cause tonight it's just fire alarms and losing you  
 We love a lot so we only lose a little  
 But we are alive (we are alive) we are alive

Parte 2:

I wanna see your animal side let it all out  
 Oh there you go; undress to impress  
 You can wear the crown but you're no princess  
 So put the 'D' in 'dirt' now, baby, baby

Let's get you wasted and alone

Refrão:

But we are alive here in death valley  
 But don't take love off the table yet  
 'Cause tonight it's just fire alarms and losing you  
 We love a lot so we only lose a little  
 But we are alive (we are alive) we are alive  
 We're gonna die, it's just a matter of time  
 Hard times come good times go  
 I'm either gone in an instant or here 'til the bitter end I, I  
 never know  
 What I've got will make you feel more alive  
 I'll be your favorite drug, I will get you high, I will get  
 you high

Refrão:

But we are alive here in death valley  
 But don't take love off the table yet  
 'Cause tonight it's just fire alarms and losing you  
 We love a lot so we only lose a little  
 But we are alive (we are alive) we are alive
