

So hum hallelujah  
Just off the key of reason  
I thought I loved you  
It was just how you looked in the light.  
Our teenage vow in a parking lot  
Till tonight, do us part  
I've seen the blues  
And I've swallowed them too.

Hallelujah, hallelujah, hallelujah, hallelu...  
Hallelujah, hallelujah, hallelujah, hallelu...  
(Hum hallelujah (Hum hallelujah), hum hallelujah (Hum hallelujah))

Our teenage vow in a parking lot  
Till tonight do us part

I've seen the blues  
And swallowed them too.  
So...

Hum hallelujah  
Just off the key of reason  
I thought I loved you  
It was just how you looked in the light.

Our teenage vow in a parking lot (Hum hallelujah)  
Till tonight do us part  
Our teenage vow in a parking lot (Hum hallelujah)  
Till tonight do us part  
Our teenage vow in a parking lot  
Till tonight do us part  
I've seen the blues  
And I've swallowed them too
