Tom: C

(intro) C F C F C F G

G C F C
F Joke me something awful just like kisses on the necks of "best friends"

C F (C) G We're the kids who feel like dead ends
C C (C) G And I want to be known for my hits, not just my misses
C C (C) G I took a shot and didn't even come close

C F G At trust and love and hope
C F C G And the poets are just kids who didn't make it
C F G and never had it at all

(riff)
"..never.."

Amsus C F And the record won't stop skipping
Amsus C F And the lies just won't stop slipping
C F G And besides my reputation's on the line
Amsus C F We can fake it for the airwaves
Amsus C F Force our smiles, baby, half dead
C F G From comparing myself to everyone else around me

G C F C
F Please put the doctor on the phone 'cause I'm not making any sense

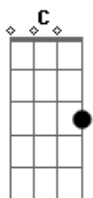

C F G Blame everyone but me for this mess
C F C F And my back has been breaking from this heavy heart

(riff)
"..never.."

Amsus C F And the record won't stop skipping
Amsus C F And the lies just won't stop slipping
C F G And besides my reputation's on the line
Amsus C F We can fake it for the airwaves
Amsus C F Force our smiles, baby, half dead
C F G From comparing myself to everyone else around me
C F G everyone else around me
C F G everyone else around me
C F G everyone else around me
(C F G C)
