

Fall Out Boy - Jet Pack Blues

Tom: G

Em
I got those jet pack blues
Em
Just like Judy
C G
The kind that makes June feel like September
G
I'm the last one that you'll ever remember

Em
And I'm trying to find that peace of mind
C G
Behind these two white highway lines
G
When the city goes silent
G
The ringing in my ears gets violent

Em C G
She's in a long black coat tonight
Em C G
Waiting for me in the downpour outside
Em C G
She's singing "Baby come home" in a melody of tears
Em C G
While the rhythm of the rain keeps time

C
And I remember "Baby, come home"
D Em G
I remember "Baby, come home"
C
I remember "Baby, come home"
D Em G
I remember "Baby, come home"

C
Did you ever love her? Do you know?
D Em G
Or did you never want to be alone?

C
And she was singing "Baby, come home"
D Em G
I remember "Baby, come home"

Em
I've got those jet pack blues
Em C G
Fight off the light tonight and just stay with me
G
Honey, don't you leave

Em
Don't you remember how we used to split a drink?
Em
It never mattered what it was
C G
I think our hands were just that close

G
The sweetness never lasted, no
Em C G
She's in a long black coat tonight
Em C G
Waiting for me in the downpour outside
Em C G
She's singing "Baby come home" in a melody of tears
Em C G
While the rhythm of the rain keeps time

And I remember "Baby, come home"
D Em G
I remember "Baby, come home"
C
I remember "Baby, come home"

I remember "Baby, come home"
