

# Fall Out Boy - Jet Pack Blues

Tom: G

**Em**  
I got those jet pack blues  
**Em**  
Just like Judy  
**C G**  
The kind that makes June feel like September  
**G**  
I'm the last one that you'll ever remember

**Em**  
And I'm trying to find that peace of mind  
**C G**  
Behind these two white highway lines  
**G**  
When the city goes silent  
**G**  
The ringing in my ears gets violent

**Em C G**  
She's in a long black coat tonight  
**Em C G**  
Waiting for me in the downpour outside  
**Em C G**  
She's singing "Baby come home" in a melody of tears  
**Em C G**  
While the rhythm of the rain keeps time

**C**  
And I remember "Baby, come home"  
**D Em G**  
I remember "Baby, come home"  
**C**  
I remember "Baby, come home"  
**D Em G**  
I remember "Baby, come home"

**C**  
Did you ever love her? Do you know?  
**D Em G**  
Or did you never want to be alone?

**C**  
And she was singing "Baby, come home"  
**D Em G**  
I remember "Baby, come home"

**Em**  
I've got those jet pack blues  
**Em C G**  
Fight off the light tonight and just stay with me  
**G**  
Honey, don't you leave

**Em**  
Don't you remember how we used to split a drink?  
**Em**  
It never mattered what it was  
**C G**  
I think our hands were just that close

**G**  
The sweetness never lasted, no  
**Em C G**  
She's in a long black coat tonight  
**Em C G**  
Waiting for me in the downpour outside  
**Em C G**  
She's singing "Baby come home" in a melody of tears  
**Em C G**  
While the rhythm of the rain keeps time

**C**  
And I remember "Baby, come home"  
**D Em G**  
I remember "Baby, come home"  
**C**  
I remember "Baby, come home"  
**D Em G**  
I remember "Baby, come home"

**C**  
Did you ever love her? Do you know?  
**D Em G**  
Or did you never want to be alone?

**C**  
And she was singing "Baby, come home"  
**D Em G**  
I remember "Baby, come home"
