Falling In Reverse - The Drug In Me Is You

Tom: G

```
     Em
I heard a knock upon my door the other day
  C
I opened it to find death staring in my face
  G
The feel of mortal stalking still reverberates
  D
Everywhere I go I drag this coffin just in case

    Em          C             G               D

 Em
My bodies tremblin' sends shivers down my spine
 C
Adrenaline kicks in shifts into overdrive
 G
Your secrets keep you sick your lies keep you alive
 D
Snake eyes every single time you roll with crooked dice

 Em
I felt the darkness as it tried to pull me down (pull me down)
 C
The kind of dark that haunts a hundred year old house
 G
I wrestle with my thoughts I shook the hand of doubt
 D
Running from my past I'm praying feet don't fail me now

G                       Em
I've lost my god damn mind
                    C
It happens all the time
                  D                     G
I can't believe I'm actually meant to be here
                Em
Trying to consume
                  D
The drug in me is you
                        C
And I'm so high on misery
Can't you see?

Em
I got these questions always running through my head
C
So many things that I would like to understand
G
If we are born to die and we all die to live
D
Then whats the point of living life if it just contradicts?
(Ah!)
Em
I felt the darkness as it tried to pull me down (pull me down)
C
The kind of dark that haunts a hundred year old house
G
I wrestle with my thoughts I shook the hand of doubt
D
Running from my past I'm praying feet don't fail me now

G                               D
