Tom: Eb

(com acordes na forma de D)

Capostrate na 1ª casa

Bm
I heard a knock upon my door the other day
G
I opened it to find death staring in my face
Bm
The feel of mortal stalking still reverberates
G **Gb**
Everywhere I go I drag this coffin just in case
(**Bm Gb G D Bm Gb G Gb**)

Bm
My bodies tremblin' sends shivers down my spine
G
Adrenaline kicks in shifts into overdrive
Bm
Your secrets keep you sick your lies keep you alive
G **Gb**
Snake eyes every single time you roll with crooked dice

Bm
I felt the darkness as it tried to pull me down (pull me down)
G
The kind of dark that haunts a hundred year old house
Bm
I wrestle with my thoughts I shook the hand of doubt
G **A**
Running from my past I'm praying feet don't fail me now

D **Bm**
I've lost my god damn mind
Gb
It happens all the time
G **D**
I can't believe I'm actually meant to be here
Bm
Trying to consume
Gb
The drug in me is you
G
And I'm so high on misery

Can't you see?
(**Bm Gb G D**)

Bm
I got these questions always running through my head
G
So many things that I would like to understand
Bm
If we are born to die and we all die to live
G **Gb**

Then whats the point of living life if it just contradicts?
(Ah!)
