

Faouzia - Exothermic

tom:
 E
 Dancing around in the rain again
 Cause you said that I was my only friend
 Playing with flowers that I picked myself
 Because I know they won't come from anybody else
 Wrap myself up to warm my hands
 From the biting ice that you made them stand
 Trace my footsteps in the water
 Cause you said when you left
 I be lost forever
 And ever, whatever
 I'm still moving cities and I'm still causing storms
 I don't know if you know this
 But when I shoot I score
 Took this pain inside of me
 Turned it into gold
 I made this exothermic
 Now watch my heart explode
 Dancing around in the dark again
 But I'm happier now than I ever was then
 Feel my heart as it dissipates
 Making room for another in these better days
 Days, days
 I'm still moving cities and I'm still causing storms
 I don't know if you know this
 But when I shoot I score
 Took this pain inside of me
 Turned it into gold
 I made this exothermic

Dbm
 Now watch my heart explode
 Now I'm exo, o, o
 Now I'm exothermic
 Oh, watch me exo, o, o, o
 Watch me exo burn this
 I deserve it oh, oh, oh
 Now I'm exothermic
 Oh, watch me exo, o, o, o
 Watch me exo burn this
 I deserve it, ohh
 I deserved this
 I deserve it, ooh
 I deserve this, ooh
 I'm still moving cities and I'm still causing storms
 I don't know if you know this
 I don't know if you know this
 But when I shoot I
 Score
 Turned it into gold
 I made this exothermic
 Now watch my heart explode
 Now I'm exothermic
 Oh, watch me exo, o, o, o
 Watch me exo burn this
 I deserve it oh, oh, oh
 Now I'm exothermic
 Oh, watch me exo, o, o, o
 Watch me exo burn this
 I deserve it, ohh
