[Primeira Parte]

They'll look high and they'll look low

They'll look everywhere we go

But when the sinners find us we won't hide

They'll come loud and they'll come fast

But we shoot first and we can last

Keep your rifle by your side

[Refrão]

Singing, "oh, Lord, this Earth was made for us"

Singing, "oh, Lord, this sinful life just ain't enough"

So we'll take a stand

Because we must protect our land

Keep your rifle by your side

[Segunda Parte]

They'll come day and they'll come night

They'll have our children in their sights

But if they don't have Faith their eyes are blind

They can scream and they can shout

But they can never smoke us out

Keep your rifle by your side

[Refrão]
