

# Far From Alaska - Relentless Game

Tom: A

Spent my living  
Feeling blue  
Full of boundaries  
Like I was taught to  
Spent my living  
On my own  
Feeling sorry  
For what I've become

Ritmo por trás da próxima parte

Catatonic  
White blank page  
No aim, no goal  
Walking in a maze

And I kept going  
Like a fool  
Faking cool lines  
Like I had a clue

Now I'm walking  
In my own shoes  
Down the path that  
Life's forced me to

Then I could see  
My future-self  
Caring no more  
'Bout this living hell

Break me, take me  
Relentless game  
Cause I'm not the one  
I was before and I claim to  
Live and die among the rest  
Break me, take me  
Relentless game  
Off the chains I go  
  
Release my soul and drown myself  
  
In tides of what is truly new

The world's weight on my back  
And I'm not going back home  
In my journey I craft  
The love, the joys of tomorrow (I'm not going back home)
