

# Father John Misty - Funtimes In Babylon

Tom: E

Fun times in Babylon  
 That's what I'm counting on  
 Before the dam goes up at the foot of the sea  
 Before the new wing of the prison ribbon ceremony  
 Before the star of the morning comes looking for me

I would like to abuse my lungs  
 Smoke everything in site with every girl I've ever loved  
 Ride around the wreckage on a horse knee-deep in blood  
 Look out Hollywood, here I come

Fun times in Babylon

Momma they've just begun  
 Before they put me to work in a government camp  
 Before they do my face up like a corpse and say get up and dance  
 Before the beast comes looking for last year's rent

I would like to abuse my lungs  
 Smoke everything in site with every girl I've ever loved  
 Ride around the wreckage on a horse knee-deep in blood  
 Look out Hollywood, here I come  
 Look out Hollywood, here I come  
 Look out Hollywood, here I come
