

Fazerdaze - Little Uneasy

Tom: G
Intro: G C G C

We are young, so we untie
We are young, we get tired
Walking on rooftops, feel so heavy
I could never leave you if you let me try
Go on and let me try

Steady now but falling slack
Stepping out but falling back
Under-passing all your dreaming
I'll admit feeling a little uneasy about
You want to cut me out

Just one more take
I'm still feeling my way
Still feeling my way

We are caught so we unwind
We are caught till we untie
Talk about leaving here together
One more try it'll all get better I doubt
You want to work it out

Just one more take
I'm still feeling my way

Still feeling my way
