

# Feist - Lonely Lonely

Tom: **A**

(com acordes na forma de )  
(intro)

(verso 1)

Water, water on the seeds  
To my left they rose and leaf  
To my right cross Seven Seas

Mmm mmm mmm mmm mmm mmm mmm

Maybe, maybe they'll stay true  
My seeds will cross and then take root  
And leave you to an empty room

(refrão)

Lonely, lonely that is you  
Lonely, lonely that is you

(verso 2)

Paper, paper obsolete  
How will you reach out to me?  
I thought you'd ask me not to leave

(refrão)

Lonely, lonely that is me  
Lonely, lonely that is me

(interlúdio)  
There is a bit of guitar in here but it is very subtle, listen for it.

(ponte)

Distance makes the heart grow weak  
So that the mouth can barely speak

Except to those who hide their needs

And I have read the golden seal  
That tells of how the seedlings feel

Reminds my heart what love can yield

(refrão)

By my only things are clear  
Baby boy I'm staying here

Lonely lonely that was you  
Lonely and so untrue

(outro)
