

Fences - Arrows

tom:
 C
 My old man
 He kicked me out, he kicked me out
 When I told him that I lived this way

I lived this way
 I lived this way
 I lived this way
 I lived this way

He doesn't own me
 He doesn't own me
 He doesn't own me
 He doesn't own me (just escape)

C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling
 C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling

The black rinse align your face
 Like a deer drinking water in a picture frame
 G C
 I swear to God I've seen those eyes
 Em C
 The back of my lids when closing mine
 G C
 With clasped hands we shake it out, we shake it out
 Em C
 Lay some boots and we walk away
 G C
 I felt slightly connect to him
 Em C
 And said now boy, now you own me

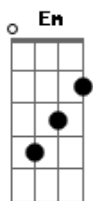

C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling
 C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling

Yeah, yeah
 He doesn't sleep
 So in truth he never wakes up
 Another day rushing to his death
 Out of breath on the treadmill of the famous
 He makes mistakes tells stories to his paintbrush

And when the world finally sees his art
 He wishes that he never would have made it
 G - C - Em - C
 Just escape, just escape ricochets
 And eclipses faith living in a city
 With a grey umbrella over your shoulders
 And you're becoming suffocated by the weight
 Can't hit those breaks
 This is what you wanted, huh
 But you got it all in vein cause you forgot who you are
 Right as the world learned your name it goes

C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling
 C Em Dm
 Arrows land were falling
 C G Dm
 Arrows were falling

Let me ash my issues
 Ashtray in this asphalt
 American spirits
 Black coffee, conversations and a passport
 When God gives you everything, everything
 That you ever asked for and it still looks a bit different
 Then when you pictured it on that back porch
 And I'm gone world traveller all I got is my songs
 When the nights start blending into one another
 And I don't recall tom petty in this motherfucker
 All I wanna do is free fall
 Yeah free fall
 And I'm so caught up
 I'm caught up, I'm caught up
 And I'm so tired, swore that I wouldn't
 Stare into the light
 And guess who tried it
 Shit I'm blinded by this lime light
 This lime light, it's all night, it's all day
 These bright lights, these bright lights
 Once you turn 'em on
 You can't walk away, don't die here
 Don't die here
 I came too far, I'm too great
 But I'm too scared and I'm too afraid
 Afraid to stare this world into its face
 I'm almost done, I'm driving lost
 My eyelids closed, light turns to gret
 The cameras off, the show is over
 You close the curtains and just escape

Arrows land were falling
 Arrows were falling
 Arrows land were falling
 Arrows were falling

I live this way
 I live this way
 I live this way
 I live this way
