

# Fernando Duarte - Trazendo a Novidade

tom:  
G

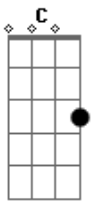

O frevo Chegou agora  
Trazendo a Novidade  
Vem Renovando a Memória  
Invadiu Toda a Cidade  
Vem ver a Moçada no Passo  
A Sombrinha Oscilando na Mão  
Juntando Todos os pedaços

O Futuro e a Tradição  
Eu Vejo a Estrada do Frevo  
Olhando a manhã Despertar  
Do seu atraso tenho medo  
Modernidade invenção, vou abraçar  
Viva e deixe viver  
Compondo a nova história  
Do Povo sempre a Frever  
No Caldeirão da Glória
