

Fernando Iglesias - Madrugada

tom:

Intro: Dm Dm Dm Dm

Nem nasceu o sol e o dia ainda nem

Começou

Somos só nós dois, o Rei do universo e eu

Venho aqui pedir, abrir todo o

Meu coração

E sem reservas procurar tocar a Tua mão

Metade desse mundo ainda não acordou

A lua tá cansada, mas não se retirou

E eu já sinto em mim o Teu frescor

Pai, preciso tanto ouvir Tua voz

Sentir que Tu aqui bem perto

Estás

Sei que ouves minha oração

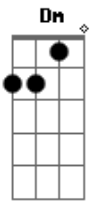

E escutas quando eu pedir

Perdão

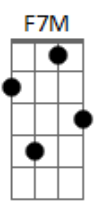

Eu nem sei dizer ao certo o que me trouxe aqui

Mas eu sinto em mim arder o Teu imenso

Dm7
Amor

Quantas vezes quis me aproximar de Ti

Senhor?

E fiz promessas que jamais eu consegui

Cumprir

As vozes deste mundo me chamaram atenção

As luzes do pecado me ofuscaram a visão

Mais uma vez eu venho Te pedir

Madrugada, madrugada, me traz pra junto

Do meu Deus

Madrugada, madrugada, me devolve a paz

Do céu

Pois eu sei que um só instante junto aos

Pés do Pai amante

É capaz de transformar o meu viver

E ao invés de andar errante

Inseguro e vacilante

Vou centrar a minha vida em Jesus

Vou trazer no rosto o brilho de quem

Encontrou seu Deus
