

Fernando Rosa - Canto de Vida Mateira

Tom: C

Este canto é da flor da catingueira
 Madeira de lei, maneiro pau
 Do piau, da traíra nas carreira
 Esteira, cangalha e do girau
 Do curral, da tramela, da porteira
 Da chuva ligeira no quintal
 Do cavalo de pau, da brincadeira
 Feijão de primeira, nata e sal

 É do cantar da siriema
 É do cinema das manhãs
 É cor cardã e abrindo a cena
 A açucena e os flanboians

Da acauã que a cobra espreita
 É da colheita já tardam
 É da romã que imóvel aceita
 A ceia da cu - ri - a - - tã

 Do queijo, qualhada, da fome estancada
 Do pote, da cuiã, da água aparada
 Da broca queimada, da terra arada
 Aboios, pelejas e mourão

 Jibão e perneira, chapéu e peixeira
 Espim de jurema na vida mateira
 Das roupas na mala: da missa e da feira
 De noites de estrelas e escuridão
