

# FIDLAR - Bloody Nose

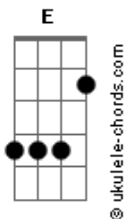

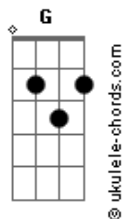

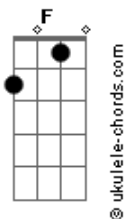

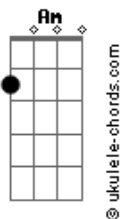

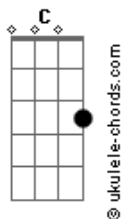

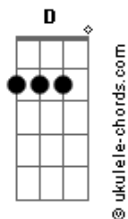

tom:  
 D (forma dos acordes no tom de C )  
 Capostraste na 2ª casa

Tell me a lie, tell me a story  
 Tell me anything, don't you worry  
 Tell me about the booze and the Bowery  
 And all about the drugs in the morning

I've seen your face before  
 Though I didn't recognize  
 'Til you walked out the door  
 And I've seen that face before  
 Now I'll always wonder why  
 It don't know me anymore

We'll take the car down the highways  
 We won't get fooled by the bad days

## Acordes

And all the money we took from the last one  
 Clean your bloody nose in the bathroom

I've seen your face before  
 Though I didn't recognize  
 'Til you walked out the door  
 And I've seen that face before  
 Now I'll always wonder why  
 Don't know me anymore

I've seen your face before  
 Though I didn't recognize  
 'Til you walked out the door  
 And I've seen that face before  
 Now I'll always wonder why  
 Don't know me anymore
