

FIDLAR - Bloody Nose

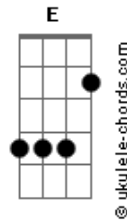

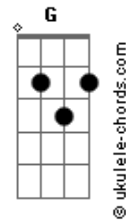

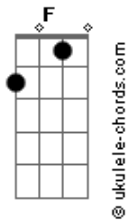

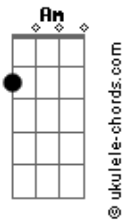

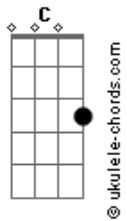

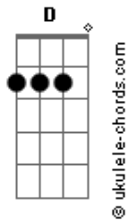

tom:
 D (forma dos acordes no tom de C)
 Capostraste na 2ª casa

Tell me a lie, tell me a story
 Tell me anything, don't you worry
 Tell me about the booze and the Bowery
 And all about the drugs in the morning

I've seen your face before
 Though I didn't recognize
 'Til you walked out the door
 And I've seen that face before
 Now I'll always wonder why
 It don't know me anymore

We'll take the car down the highways
 We won't get fooled by the bad days

Acordes

And all the money we took from the last one
 Clean your bloody nose in the bathroom

I've seen your face before
 Though I didn't recognize
 'Til you walked out the door
 And I've seen that face before
 Now I'll always wonder why
 Don't know me anymore

I've seen your face before
 Though I didn't recognize
 'Til you walked out the door
 And I've seen that face before
 Now I'll always wonder why
 Don't know me anymore
