

# Fifth Harmony - 1000 Hands

Tom: E

Verse 1:

E B Gbm A  
Tired, tired, you're all I want, yeah  
E B  
It'll be 'til the end, give me nothing I've ever tried  
Gbm A  
It'll be the perfect sin, something like the truest lie  
E B  
Everywhere somehow, the only place I'll ever be  
Gbm A  
As long as you hold me down, oh such a liberty

Pre-Chorus:

Dbm E Gbm  
Warm me with your touch, pressure from your fingertips  
Dbm E Gbm  
Never be enough, I'll do nothing but submit

Chorus:

E B Gbm A  
I just wanna feel a thousand hands from you, only you  
E B Gbm A  
Can you make me feel a thousand hands from you, only you?

Verse 2:

E B  
Grab a hold of my soul and make me feel complete  
Gbm A

Within you'll be the one to show these goosebumps on my skin

E B  
I'll wear my heart on my sleeve, I need you to feel the pain

Gbm A  
Would you take a bullet for me? Cause you know I'll do the same

Pre-Chorus:

Dbm E Gbm  
Warm me with your touch, pressure from your fingertips  
Dbm E Gbm  
Never be enough, I'll do nothing but submit

Chorus:

E B Gbm A  
I just wanna feel a thousand hands from you, only you  
E B Gbm A  
Can you make me feel a thousand hands from you, and only you?

Outro:

E B Gbm  
I just want to feel a thousand, from you

A  
A thousand hands from you

E B E  
Just wanna feel a thousand

Gbm  
A thousand hands from you

A  
Feel a thousand hands from you
