

Fifth Harmony - All Again

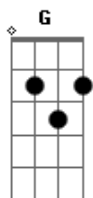

tom:
 G
 Frozen in time, but in my mind there's no erasing you
 I toss and I turn
 Cadd9 Em7 G
 It's gonna hurt no matter what I do
 Am Em D
 I'm trembling inside, no, I can't stop myself from shaking
 Am Em D
 Even though I know you take my heart and break it
 D
 You'd break it
 Cadd9 Em7 G
 But every kiss and every breathless moment
 D
 (I'd do it all again)
 Cadd9 Em7 G
 Trying to make it right but I know it'll all go wrong
 D
 (I'd do it all again)
 Am
 Cause I can't lie
 G Em7 D
 I love you still for all my life I always will
 Cadd9 Em7 D
 Even though I know how the story ends
 D
 I'd do it all again

(Cadd9 Em7 G)
 Oh, babe
 Cadd9 Em7 G
 Remembering when you made me dance around the living room
 Cadd9 Em7 G
 It still makes me smile, I don't know how to let go of you
 Am Em D
 But now that you're gone, I can't stop myself from crying
 Am Em
 I gotta move on, but I'm not strong
 D D
 I'll keep on trying, I'm trying
 Cadd9 Em7 G
 But every kiss and every breathless moment
 D
 (I'd do it all again)
 Cadd9 Em7 G
 Trying to make it right but I know it'll all go wrong
 D
 (I'd do it all again)
 Am
 Cause I can't lie
 G Em7 D
 I love you still for all my life and I always will
 Cadd9 Em7 D
 Even though I know how the story ends
 D
 I'd do it all again
 Bm Cadd9 Em7
 And I hate how much I still love you such a tragedy
 Bm Cadd9 Em7 D D
 It's impossible to comprehend this hold you got on me
