

# Fifth Harmony - Over

Tom: A

A  
Walls are shaking  
Now that your windows break  
This place is out of control E  
This place is out of control  
A  
Everybody in a trance  
All we wanna do is dance  
This place is out of control E  
Yeah we are out of control

A  
When the sadness comes  
It got us sitting all alone  
Cause we don't wanna go home E  
Yeah we don't wanna go home  
Cause now the party is over A  
We just wanna get louder  
We never ever wanna stop E  
We can move this to the parking lot  
Lets take this somewhere else  
Cause now the party is over A  
We don't wanna get older  
We never ever wanna stop E  
Now it's time for us to light up  
Take it somewhere else  
Cause now the party is over A  
( E ) 5x

A  
The sun comes up now  
All we do is stand and talk  
Cause we are out of control E  
Yeah we are out of control

A  
The time is ours

Know we like it crazy and we do what we want  
Still regret nothing cause we  
We don't care, we don't care E
