

# Fifth Harmony - Sledgehammer

Tom: G

If you could take my pulse right now  
 It would feel just like a sledgehammer  
 If you could feel my heart beat now  
 It would hit you like a sledgehammer

I don't admit it  
 I play it cool  
 But every minute  
 That I'm with you

I feel the fever and I won't lie  
 I break a sweat  
 My body's telling  
 All the secrets I ain't told you yet

Oh oh  
 I struggle to contain  
 Whoa oh  
 The love that's in my veins  
 Oh oh  
 And how it circulates  
 Oh oh

If you could take my pulse right now  
 It would feel just like a sledgehammer  
 If you could feel my heart beat now  
 It would hit you like a sledgehammer

You're taken over the beat of my body  
 You just don't let up, don't let up  
 You're taken over the beat of my body  
 But you lift me up, lift me up  
 If you take my pulse right now  
 It would feel just like a sledgehammer

So close together  
 So far apart  
 You're turning me on  
 And my fire's waitin' for your spark

Oh oh

I struggle to contain  
 Whoa oh  
 The love that's in my veins  
 Oh oh  
 And how it circulates  
 Oh oh

If you could take my pulse right now  
 It would feel just like a sledgehammer  
 If you could feel my heart beat now  
 It would hit you like a sledgehammer

You're taken over the beat of my body  
 You just don't let up, don't let up  
 You're taken over the beat of my body  
 But you lift me up, lift me up  
 If you take my pulse right now  
 It would feel just like a sledgehammer

The truth is out  
 No stopping now  
 I'm getting closer  
 I've had enough  
 Undress my love  
 I'm coming over

If you take my pulse right now  
 It would feel just like a sledgehammer, oh  
 And if you take my pulse right now  
 It would feel just like a sledgehammer, hammer, oh  
 (D )  
 If you take my pulse

If you could take my pulse right now  
 It would feel just like a sledgehammer  
 If you could feel my heart beat now  
 It would hit you like a sledgehammer

You're taken over the beat of my body  
 You just don't let up, don't let up  
 You're taken over the beat of my body  
 But you lift me up, lift me up  
 If you take my pulse right now  
 It would feel just like a sledgehammer
