Tom: Gb

Na na na na na na na (5x)

Pack your bags we're about to go
Further than you'll have ever know
Close your eyes and just make a wish
I'll give you something you can't resist

I wanna take you where you've never been, never been
I wanna take you where you've never been before
I wanna take you where you've never been, never been
I wanna take you where you've never been before

We're fallin' down

Fallin' down
Fallin' down to the floor
Keep tellin' me

Tellin' me
Tellin' me that i'm yours
I'm whatcha been

Whatcha been
Whatcha been waiting for
Keep tellin' me

Tellin' me
Tellin' me that i'm yours

Na na na na na na na (3x)
(Keep tellin' me, tellin' me, tellin' me that i'm yours)
Na na na na na na na (3x)
(Keep tellin' me, tellin' me, tellin' me that i'm yours)
Na na na na na na na (3x)

I'll take your hand and just breathe it in,
Let me know when will feel it in
Don't be shy baby follow me
Trust me boy I'll be all you need

Oh ooh
I wanna take you where you've never been, never been
I wanna take you where you've never been before
I wanna take you where you've never been, never been
I wanna take you where you've never been before
