

Fifth Harmony - Top Down

```
Tom: Gb
                                                               Db
                                                               Me and my clique goin' hard and you feel us (Hey, hey, hey,
                                         Dh
   Ahm
                                                               hey, hey)
   Blaze it up and we'll be cruisin' with the top down.
                                                               Come on let me take you for a ride
                                                                         Abm
  Rev up the engine we'll be cruisin' watch it go down.
                                                               I ain't got a lotta money but I got a lotta style what what.
  Get in my truck and I'll be ridin' with my top down.
                                                                  Blaze it up and we'll be cruisin' with the top down.
  With my top down My top down.
                                                                  Rev up the engine we'll be cruisin' watch it go down.
From a small town cruisin' thru the big city
                                                                  Get in my truck and I'll be ridin' with my top down.
                Abm
Where the fellas are cute and the girls are pretty
                                                                  With my top down My top down.
