Pick up the pen, put it on the paper
 Write on my skin, bring me to life
 Can't start again, there ain't no eraser
 All of my flaws, you got them so right

[Pré-Refrão]

Everything is blank until you draw me
 Touching on my body like you know me

[Refrão]

Write on me, Color outside the lines
 Love the way you tat me up, Baby take your time
 Write on me, Give me some wings, I'll fly
 Love the way you tat me up, I'll never change my mind

Write on me, Write on me
 Love the way you tat me up, Write on me

[Verso 2]

You are my friend, straight and no chaser
 Burns going down but it keeps me alive
 Tell me the truth, I like the danger
 Cause in the end you will be mine

Everything is grey until you draw me
 Touching on my body like you know me

[Refrão]

Write on me, Color outside the lines

 Love the way you tat me up, I'll never change my mind

 Write on me, Write on me

I could see a city sleep, I could see an ocean wave
 Everything is changing and it's written on my face
