

# Filipa Santos - Lembrar

tom:

Intro: D A G Bb

[Primeira Parte]

Penso em ti o dia inteiro

Eu confesso, não superei

O que existiu entre nós

Eu sei

O Tempo passou

Nada entre nós mudou

Tu es o pedaço que falta em mim

Es o pecado que eu sempre quis

[Pré-Refrão]

Quero recuar no tempo

Pra ter-te perto

Só mais um momento

Vá lá, estála os dedos

Tá nos pensamento

De um homem imperfeito

Eu quero ter-te aqui

Toda para mim

Jeito sensual

Miúda, tu és real

Vou lutar por ti

Até ao infinito

[Refrão]

Quero TE LEMBRAR

Que as estrelas no céu

Voltaram a brilhar

Com um sorriso teu

I want to REMEMBER you

That my love is yours

Come get it baby

## Acordes

Somebody love you

[Segunda Parte]

I do know

Look at us

Fate doesn't want ? to see us go

It looks like you ? are just for me

While dreaming

The full moon was ? put for us

But I wasn't there and you

Stopped believing

[Pré-Refrão]

I want to go ? back in time

To have you close

Just one more moment

Come on, snaps his fingers

It's in our minds

An imperfect man

I want to ? have you here

All for me

Sensual way

Girl ? you're real

I will fight ? to Infinity

[Refrão]

Quero TE LEMBRAR

Que as estrelas no céu

Voltaram a brilhar

Com um sorriso teu

I want to REMEMBER you

That my love is yours

Come get it baby

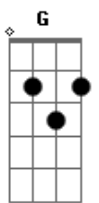

Somebody love you
