

# Finneas - Hurt Locker

tom:  
 Abm  
 Close upon your lips, lyin' to me  
 Sayin' I'm with you, wherever you'll be  
 A jumput to the bed we used to share  
 Before you had the baby and I cut off my hair

[Pre-Chorus]  
 What's a life without the consequences?  
 What's a knife without the sharpened edges?

[Chorus]  
 Did I cut the wrong wire today?  
 Did I set it on fire? The way  
 Scotland burned in '44  
 Like I never learned to leave a war  
 I just keep comin' back for more  
 For more

[Verse 2]  
 A wide shot of the aisle of a grocery store  
 Panned down to the crooked wheel on the dirty white floor  
 Maybe all I'll ever be is a cameo here  
 A face a crowd might recognize, it comes on twice a year

And then I disappear

[Chorus]  
 Did I cut the wrong wire today?  
 Did I set it on fire? The way  
 Scotland burned in '44  
 Like I never learned to leave a war  
 I just keep comin' back for more

[Bridge]  
 Can we take a walk before you walk away?  
 Can we try to talk, or will you call it fake?  
 Can we take a walk before you walk away?  
 Walk away

[Pre-Chorus]  
 What's a life without the consequences?  
 What's a knife without the sharpened edges?

[Chorus]  
 Did I cut the wrong wire today?  
 Did I set it on fire? The way  
 Scotland burned in '44  
 Like I never learned to leave a war  
 I just keep comin' back for more  
 For more
