Words are flowing out like endless rain into a paper cup,
                                                                Nothing's gonna change my world.

Pools of sorrow, waves of joy are drifting through my opened

Possessing and caressing me.
                                                                through my open ears
                                                                Inciting and inviting me.
Jai Guru Deva Om

                                                                                   Dbm
                                                                Limitless, undying love, which shines around me like a million
Nothing's gonna change my world,
                                                                suns,
Nothing's gonna change my world.
                                                                And calls me on and on across the universe.
Nothing's gonna change my world,
                                                                Jai Guru Deva Om
Nothing's gonna change my world.
                                                                Nothing's gonna change my world,
                   Dbm
                                     Abm
Images of broken light which dance before me like a million
eyes,
                                                                Nothing's gonna change my world.
They call me on and on across the universe.
                                                                Nothing's gonna change my world,

                                                                Nothing's gonna change my world.
Thoughts meander like a restless wind inside a letter box,
They tumble blindly as they make their way across the
                                                                Jai Guru Deva

                                                                Jai Guru Deva...
