

# First Aid Kit - I've Wanted You

Tom: G  
Intro: G Am C G

[Primeira Parte]

There's this image of you that I can't shake  
That day we drove out to the ocean  
So many things I wanted to say  
But I knew it was all in vain

Life doesn't give you hoops to jump through  
It gives you tireless roads to cross  
The sadness came over me  
So in love, so at loss

[Refrão]

I've wanted you  
For so very long

[Segunda Parte]

I've been feeling so inbetween things  
Sad and stuckin' alone  
Even when I'm as high as I can get  
I can't forget I'm on my own

Keep thinking I can escape this  
But there are no red shoes to tap  
Just endless hauling through a desert  
And babe there never was a map

[Refrão]

But I've wanted you  
For so very long

Ooh ooh ooh  
Ooh ooh ooh

[Terceira Parte]

All the people I have grown to love  
That I've had to leave behind  
Because that was the way the road turned  
I'm sorry I have let you down

You caught me in a moment  
When I was trying to catch the wind  
Thought there was some kind of magic

But there's just well-executed tricks

[Refrão]

I've wanted you  
For so very long

[Quarta Parte]

This is what time does to us  
We try to fight and never win  
There's no plot to follow here  
Just repetition of the same old sin

I keep thinking that I've found it  
A way to fill up the empty parts in me  
If it's all temporary  
I guess I'll have to wait and see

[Refrão]

I've wanted you  
For so very long

Ooh ooh ooh  
Ooh ooh ooh

[Quinta Parte]

The woman who lives above me  
I hear her listen to the radio  
She loves the old time stations  
They say "Lover don't let me go"

And I have been there before  
In that place of desperate need  
I'm not ready to go back there  
To wait for someone else to leave

[Refrão]

But I've wanted you  
For so very long

[Sexta Parte]

Now I'm turnin' all my lights down  
I don't know where you are tonight  
Can feel so close and then so far away  
Within the blinking of an eye

I convince myself I have answers

Am Em

But I always call my bluff

Am Em

All I have is my love to give

Am Em

Some day that might be enough

[Refrão]

But I've wanted you
