

Five Finger Death Punch - Brighter Side Of Grey

tom:

Intro: C Dm Am Am
C Dm Am Am
C Dm Am Am

[Primeira Parte]

I'm writing this in case I'm gone tomorrow
I'm writing this in case I've moved along
There's something that I hope you'll remember
That life is not a game, it's a song

[Pré-Refrão]

So take the best parts of me
Locked away without the keys
And know that I'm forever by your side

[Refrão]

When the lights go down
Know that I am never far away
When the sun burns out
I'll be waiting on the brighter side of grey

[Ponte] C Dm Am Am

[Segunda Parte]

If you're reading this, I know you're feeling sorrow

If you're hearing this, I know you're probably scared
Just know that all the things you want are borrowed
And all you get to keep is all you've shared

[Pré-Refrão]

So wipe away the tears for me
Know that we've made history
Remember no one ever really dies

[Refrão]

When the lights go down
Know that I am never far away
When the sun burns out
I'll be waiting on the brighter side of grey

(Am F C Dm)
(Am F C Dm)
(Am)

[Refrão]

When the lights go down
Know that I am never far away
When the sun burns out
I'll be waiting on the brighter side of grey

[Final] C Dm Am A
