[Primeira Parte]

As Im wandering the desert
I can feel a strange presence
All around me

[Segunda Parte]

There's some feeling in the air
Ambience from nowhere
It's strange for me

[Terceira Parte]

Kind of a mystic vibe
Feeling like I'm being watched
By some outer being

(Refrão 1)

I am not alone, at all
It seems Like there's

An invisible crowd of
Witnesses who follow me

[Quarta Parte]

After watching the rain pouring down
Over these desert seed

I began to sense the view
Of another point of view
An external me. inside me
It seemed like I was on
Another planet's surface
On another reali__ty... it was trip

(refrão 2)

Wo__ah I'm feeling like being
The son of the sun!
A__nd the sunset is calling me

To go back home
Theres a feeling in the air

I can feel it everywhere
I cannot believe this is real
Its seem's like it's a part of me
Not at all apart from me
I cannot believe this is real!
