

# Flávio Venturini - Girassol

tom:

A

A

Quem diria que uma flor

Era a chave que faltou

Para abrir um coração

Trancado sem amor

E

Quem olhar pro céu vai ver

Nova estrela a brilhar

Tudo pode acontecer

É só acreditar

D7M A Bm7

Um girassol

Que rompe a escuridão na claridade da manhã

Um girassol

Pra mim

Quem sonhar por uma vez

Terá asas pra voar

Viajar o mundo é

Mais vida encontrar

Quem quiser amar alguém

Tem que se amar também

No calor de cada um

Verdade sempre vem

Dm Dm7

Hoje não me sinto só

0 que sonhei chegou

Dbm7 E Gbm7

Medo ou tempestade não me cegam

Achei um Sol pra mim

Um girassol

Que rompe a escuridão na claridade da manhã

Um girassol

Pra mim

( Dbm7 Bm7 A )

( Dbm7 E Gbm7 )

( F7M Em7 Dm7 )

( Dbm7 Gbm7 D )

Dia claro, Sol brilhou

Mais um inverno se passou

Paraíso é o teu olhar

E a vida sem parar

Quem quiser amar alguém

Tem que se amar também

No olhar de cada um

Procure sempre ver

Essa luz em nosso olhar

0 que sonhei chegou

Medo ou tempestade não me cegam

Achei um Sol pra mim

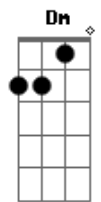

Um girassol

Que rompe a escuridão na claridade da manhã

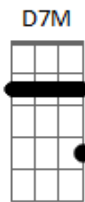

Um girassol

Pra mim
