

Flávio Venturini - Girassol

tom: A

Quem diria que uma flor
 Era a chave que faltou
 Para abrir um coração
 Trancado sem amor

Quem olhar pro céu vai ver
 Nova estrela a brilhar
 Tudo pode acontecer
 É só acreditar

Um girassol
 Que rompe a escuridão na claridade da manhã
 Um girassol
 Pra mim

Quem sonhar por uma vez
 Terá asas pra voar
 Viajar o mundo é
 Mais vida encontrar

Quem quiser amar alguém
 Tem que se amar também
 No calor de cada um
 Verdade sempre vem

Hoje não me sinto só
 O que sonhei chegou

Medo ou tempestade não me cegam
 Achei um Sol pra mim
 Um girassol
 Que rompe a escuridão na claridade da manhã
 Um girassol
 Pra mim

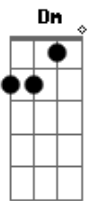

(Dbm7 Bm7 A)
 (Dbm7 E Gbm7)
 (F7M Em7 Dm7)
 (Dbm7 Gbm7 D)

Dia claro, Sol brilhou
 Mais um inverno se passou
 Paraíso é o teu olhar
 E a vida sem parar
 Quem quiser amar alguém
 Tem que se amar também
 No olhar de cada um
 Procure sempre ver

Essa luz em nosso olhar
 O que sonhei chegou
 Medo ou tempestade não me cegam

Achei um Sol pra mim
 Um girassol
 Que rompe a escuridão na claridade da manhã
 Um girassol
 Pra mim
