Verse (as intro)

```

E           A
Walked out, goodbye
E           A
I swore I never would cry
E           A
Tore a page of my heart
E           A
She wants me to be her friend
E           A
I'm lonely again
E           A
Tore a page of my heart

```

Chorus

```

E           A           B
Oh, tell me who wrote the book of love
E           A           B
Was it somebody from above
(Ha, ha, ha)
E           A           B
Surely he must know all the rules
(Ha, ha, ha)
E           A           B
Knowledge not meant for mortal fools
E           A           B
Must have been someone from above
E           A           E
Tell me, who wrote the book of love

```
