"One Together"

GCD GCD GCD CDG

G C D
 How can my heart be filled with doubts of you
 C D G
 When you can fill me with a love that's true
 C D G
 But I can't help but sigh,
 G C
 And sometimes wonder why
 D
 What can I do

G C D
 I want to see you more and more each day
 C D G
 I really need you, you're my only way
 C D
 You say it's alright now
 G C D
 But still I wonder how, what can I say

C D G
 I've dreamed a thousand dreams
 C D Em
 And cried so many tears
 C D G
 Cause when you're not in my heart it seems

Em D
 Like I've wasted all my years
 G C D
 Someday together we will fly to the sun
 C D G
 And then we'll think of all the things we've done
 C D G
 Everyone will smile, happy all the while
 D
 Now that we're one
