Fleetwood Mac - Silversprings

```
Tom: C
Intro: F  C  F  C

C               F        C
You could be my silver spring
C        F       C
Blue-green colors flashing
C              F      C
I would be your only dream
C              F         C
Your shining over ocean crashing

Bbm
And do you say she's pretty
And do you say that she loved you
              F         C
Baby I don't want to know

C               F       C
So I begin not to love you
C           F        C
Turn 'round, see me running
C              F      C
I say I loved you years ago
C              F       C       Bbm
But tell myself you never loved me no

Bbm
And did you say that she's pretty
And do you say that she loved you
              F         C
Baby I don't want to know

( C   Bbm   C )

Bbm      C
Oh    no

Bbm
And can you tell me it was worth it
```

```
                      F        C
Really I don't want to know

Am          Bm         C
Time cast a spell on you
            F        G
But you won't forget me
  Am        Bm         C
I know I could have loved you
            F          G
But you would not let me

Solo:  C   F   C  (2x)
         Bbm
         Bbm   C

Am          Bm         C
Time cast a spell on you
            F        G
But you won't forget me
  Am        Bm         C
I know I could have loved you
            F          G
But you would not let me

        Am        Bm            C
I'll follow you down 'till the sound
         F           G
Of my voice will haunt you (Was I just a fool?)
          Am        Bm           C
You'll never get away from the sound
         F           G
Of the woman who loves you (Was I just a fool?)

(Repete as últimas 4 linhas, com "Give me just a chance" and
"Never get away")
C                F        C
You can be my silver spring
C                F        C
My blue-green colors flashing
```
