

The Fleetwoods - They Tell Me Its Summer

Intro: E G tom:

E
They tell me it's summer
But I know it's a lie
Cause summer's for laughing
So why do I cry?
They tell me it's summer
And the sun shines, it's true
But it just can't be summer
When I'm not with you

A
They tell me to call you
But I still have my pride
I remember the things you said

And all the nights that I cried
They tell me it's summer
So I look to the sky
But I can't see the sun shine
Cause there's tears in my eyes

F
The days don't grow longer
As in summer they do
It's the nights that are longer
Cause they're nights without you

F
The days don't grow longer (longer)
As in summer they do
It's the nights that are longer
Cause they're nights without you
