                  tom:
                    Gbm
Intro:  Em7   Dbm7
```

[Primeira Parte]

```
Em7                        Dbm7
Found out there's nothing more
Em7                        Dbm7
And how you'd sit by the phone
Em7                  Dbm7
You've seemed to close the?door
Em7                        Dbm7
To?question why I'd?leave home
Em7                        Dbm7
That's when you'd need me?the most
Em7                        Dbm7
That's when you'd need me the most
Em7                        Dbm7
That's when I'd just take off
Em7            Dbm7
Take off, take off
```
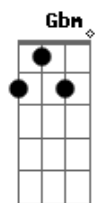

[Pré-Refrão]

```
Em7      Gbm7         Dbm7
Done a lot to keep up
Em7      Gbm7             Dbm7
But you'll never catch up to me
Em7      Gbm7            Dbm7
Was it me who closed the door?
```
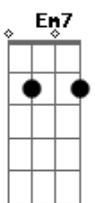

[Refrão]

```
Em7         Gbm7    Dbm7
Save these memories before I delete them
Em7           Gbm7          Dbm7
Strange how much it means and just like that I forget
```
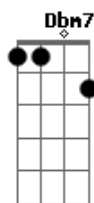

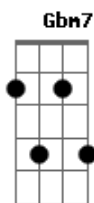

Acordes

[Pós-Refrão]

Forget you

Forget you

[Segunda Parte]

That's when you'd need me the most

But now what difference does it make?

Let go, let go

[Pré-Refrão]

```
Em7      Gbm7         Dbm7
Done a lot to keep up
Em7      Gbm7             Dbm7
But you'll never catch up to me
Em7      Gbm7            Dbm7
Was it me who closed the door?
```

[Refrão]

```
Em7         Gbm7    Dbm7
Save these memories before I delete them
Em7           Gbm7          Dbm7
Strange how much it means and just like that I forget
```

[Final]

Now I'm the one nailed to the chair

So much for so-longs

See you in heaven
