

Fletcher - You Should Talk

Tom: G

Do, do, do, do, do, do, do

I'm insane

I'm the girl who ruin everything

When you cut me, I don't feel the pain

Never cared about you

That's what you're saying

And that what you're saying, baby

If that's true

Why am I still in your old shirt, thinkin' 'bout you? ('bout you)

Yeah, I heard what you've been saying, baby

But you should talk

Yeah, you should talk

Heard you found somebody new (yeah)

Oh, you should talk

Yeah, you should talk

Cause to fuck it up takes two (takes two)

That shit I did, yeah, you did it too

I'd call you up, but babe this ones on you

Oh, you should talk, cause you gave up

If you miss me, say you do

Do, do, do, do, do, do, do, do

You tell yourself

"She moved on, she's so gone I can tell

Should I call her right now?

With someone else could be heaven so why is it hell?"

And that what you're saying, baby

If that's true

Why am I still in your old shirt, thinkin' 'bout you? ('bout you)

Yeah, I heard what you've been saying, baby

But you should talk

Yeah, you should talk

Heard you found somebody new (yeah)

Oh, you should talk

Yeah, you should talk

Cause to fuck it up takes two (takes two)

That shit I did, yeah, you did it too

I'd call you up, but babe this ones on you

Oh, you should talk, cause you gave up

If you miss me, say you do

Do, do, do, do, do, do, do, do

(If you miss me)

I'm insane

I'm the girl who ruins everything

But you should talk (yeah, you should talk)

Yeah, you should talk (ooh)

Heard you found somebody new (baby, you should talk)

Oh, you should talk (yeah, you should talk)

Yeah, you should talk (ooh)

Cause to fuck it up takes two (and you know it's true)

That shit I did, yeah, you did it too

I'd call you up, but babe this ones on you

Oh, you should talk, cause you gave up (you gave up)

If you miss me, say you do (say you do, say you do, say you do, say you do)

Do, do, do, do, do, do, do, do

If you miss me
