

Fletcher - You Should Talk

```
Tom: G
                               Fm Fm D
Do, do, do, do, do
I'm insane
I'm the girl who ruin everything
                 Em D
When you cut me, I don't feel the pain
Never cared about you
That's what you're saying
                    Em Em D
And that what you're saying, baby
If that's true
Why am I still in your old shirt, thinkin' 'bout you?
Yeah, I heard what you've been saying, baby
 But you should talk
Yeah, you should talk
                         Em Em D
Heard you found somebody new (yeah)
 Oh, you should talk
Yeah, you should talk
                         Em Em D
Cause to fuck it up takes two (takes two)
That shit I did, yeah, you did it too
            Em
                 Em D
I'd call you up, but babe this ones on you
Oh, you should talk, cause you gave up
If you miss me, say you do
                                Em Em D
Do, do, do, do, do, do, do
You tell yourself
"She moved on, she's so gone I can tell
          Em Em D
Should I call her right now?
With someone else could be heaven so why is it hell?"
                     Em Em D
And that what you're saying, baby
If that's true
                                                             If you miss me
