

# Florence and The Machine - Caught

Tom: C  
Intro: C F Em F x4

[Verse]  
It's the hardest thing I've ever had to do  
To try and keep from calling you  
Well, can my dreams keep coming true  
How can they, cause when I sleep  
I never dream of you

As if the dream of you, it sleeps too  
But it never slips away  
It just gains its strength and digs its hooks  
To drag me through the day

[Chorus]  
And I'm caught  
I forget all that I've been taught  
I can't keep calm, I can't keep still  
Pulled apart against my will

[Verse]  
It's the hardest thing I've ever had to prove  
You turn to salt as I turned around to look at you  
Old friends have said it, the books I've read say it's the thing to do  
But it's hard to see it when you're in it  
Cause I went blind for you  
Then you leave my head and crawl out of bed  
So conscious I'm upset

And for those hours deep in the dark  
Perhaps you don't exist  
[Chorus]  
But I'm caught  
I forget all that I've been taught  
I can't keep calm, I can't keep still  
Pulled apart against my will

And I was thrashing on the line  
Somewhere between  
Desperate and divine  
I can't keep calm, I can't keep still  
Persephone will have her fill
