

Florence and The Machine - Hurricane Drunk

Tom: **G**

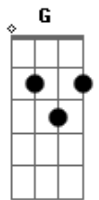

Em7 **G**
No walls can keep me protected
A **G** **G**
No sleep Nothing in between me and the rain
Em7 **Em**
And you can't save me now Cause I belong to the hurricane
Em **G**
I'm gonna blow myself away
G **A**
I'm going out
G **A**
I'm gonna drink myself to death
G **A**
And in the crowd
G **A**
I see you with someone else
Am **A**

I brace myself
G **A**
Cause I know it's going to hurt
G **E** **A**
But I like to think at least things can't get any worse
A
I hope that you see me
E
Cause I'm staring at you
G
But by the way that you look over
E **A** **E**
You look right through
E **A** **E**
Then you lean and kiss her on the head
G **E** **A**
And I never felt so alive and so dead
