

Florence and The Machine - No Light, No Light

Tom: C
Intro: Am F C G

Am
You are the hole in my head,
F
you are the space in my bed.
C
You are the silence in between,
G
what I thought and what I said
Am
You are the night time fear,
F
you are the morning when it's clear.
C
When it's over your start,
G
you're my head and you're my heart.

Refrão:
Am
No light, no light in your bright blue eyes,
F
I never knew daylight could be so violent.
C
A revelation in the light of day,
G
you can't choose what stays and what fades away.
Am F
And I'll do anything to make you stay,
C
no light, no light.
G
Tell me what you want me to say.

Am F
And through the crowd I was crying out,
C G
and in your place there were a thousand other faces.
Am F
I was disappearing in plain sight,
C G
heaven help me- I need to make it right.

Am
You wanna revelation, you wanna get it right.
F
But it's a conversation, I just can't have tonight.
C
You wanna a revelation, some kinda resolution,
G
you wanna revelation.

Am F
Would you leave me if I told you what I've done?
C G
And would you leave me if I told you what I've become?
Am F
Cause it's so easy to say it to a crowd,
C G Am G
but it's so hard, my love, to say it to you out loud
